Company Brochure · 2026

The company

MKB Enterprises grew out of a family spice trading business started more than 35 years ago in Byadgi, Karnataka - home to the largest dried red chilli market in the world. The company was formally established in 2012 and today operates its own 2.5-acre processing facility with a two-acre sun-drying yard, supplying whole, crushed and powdered spices to domestic masala houses and international buyers.

Buying inside the APMC yard means we grade lots ourselves instead of accepting pre-blended material, and processing in-house means the specification on the sample sheet is the specification that ships.

Leadership

Murtuja Khalilsab Belavagi	Founder
Sameer Murtuja Belavigi	Purchase & Management
Mohin Murtuja Belavigi	Manufacturing

Infrastructure at a glance

2.5-acre facility	Owned premises at Gummanahalli Road, Byadgi
2-acre sun-drying yard	Lots dried naturally before milling; moisture settled, not forced
15 tons per day	Powder capacity; up to 3,000 bags of 30 kg per batch
Dedicated turmeric line	Separate compartment - no cross-contamination with chilli
In-house export packing	Jute sacks, bulk bags and buyer-branded packing

Red chilli varieties

Ten commercial varieties, sourced from the Byadgi belt in Karnataka and the Guntur belt in Andhra Pradesh. Colour value and pungency are stated lot by lot on the specification sheet. Supplied whole (with stem or stemless), crushed to your flake size, or ground to your mesh.

Variety	Origin	Colour (ASTA)	Pungency (SHU)	Pod length
Dabbi Kashmiri Highest colour value in the...	Byadgi belt, Haveri district, Karnataka	180-240+ ASTA	Mild - 8,000-12,000 SHU	5-9 cm

Formats supplied

Whole dried chilli (stemless / with stem) · Crushed chilli and flakes, cut to specified size · Premium chilli powder to your mesh · Chilli seeds recovered and cleaned for oil and oleoresin buyers.

Whole dried chilli

Crushed flakes

Chilli powder

Turmeric & dry ginger

Turmeric

High-curcumin whole fingers and powder, processed on a dedicated compartment built exclusively for turmeric so there is no cross-contamination with the chilli line. Curcumin is stated lot by lot rather than as an industry average.

Forms: Whole turmeric fingers · Cut piece turmeric · Turmeric powder

- Bright natural colour, polished cured fingers
- Custom mesh sizes on request
- Bulk bags and buyer-branded packing
- Full export documentation prepared in-house

Whole fingers

Cut piece

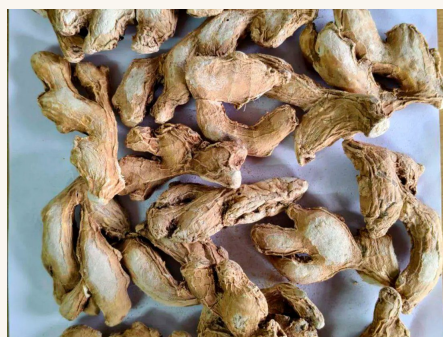

Powder

Dry ginger (sonth)

Farm-sourced rhizomes, sorted, cleaned and graded before dispatch, so the lot that lands is the lot that was sampled. Powder is milled under controlled conditions that keep the volatile oil - and the aroma - in the product.

Forms: Whole dry ginger · Dry ginger cut piece · Ginger powder

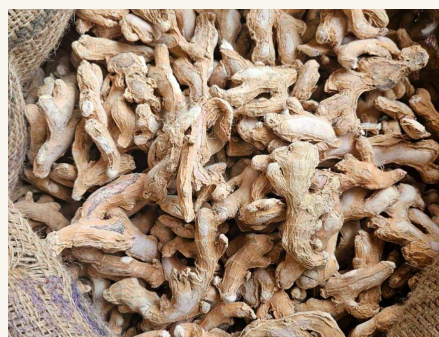

- Sorted and cleaned before dispatch
- Aroma-retaining controlled grinding
- Phytosanitary and export paperwork handled in-house
- Flexible MOQ for trial containers
